

## **Index to Coroner's Inquests/Inquiries, 1859-1918**

The following index is compiled from several series of government records that contain coroners' records from 1859 to 1918. Inquiries less than 100 years old must be reviewed by the Information and Privacy Section of the BC Archives before you can access them. For more information about our privacy department see our website here: <https://royalbcmuseum.bc.ca/bc-archives/what-we-do/foi-and-access-restrictions>.

This index is ordered alphabetically by the surname of the deceased individual taken from the record. All fields are keyword searchable. When you have identified a record that you would like to see, use the series identifier and the container number to request or retrieve the box or microfilm reel. If you are requesting a copy of the record, identify the series, container, inquest and inquiry numbers, and the individual's name in your copy request. Your request for a copy can then be sent in to Access at [access@royalbcmuseum.bc.ca](mailto:access@royalbcmuseum.bc.ca).

For more information on coroner's records, please see the Coroner's Records guide here: <https://royalbcmuseum.bc.ca/bc-archives/tools/guides-indexes-and-inventories>.

Series	Container	Inquest #	Inquiry #	Year	Month	Day	Event Date	Date of Birth	Date of Death	Surname	Given Names	Place	Coroner's name	Remarks (cause of death)
