

ROYAL BC MUSEUM AND ARCHIVES LICENSING FEE SCHEDULE

Did you know that the museum and archives are not fully funded? All licensing and permissions fees go toward the costs of caring for, conserving and providing access to the collections.

If you wish to use Royal BC Museum and Archives material for any of the following uses, we will apply licensing fees addition to processing fees.

If you wish to use Royal BC Museum and Archives material for research purposes (including genealogy), K-12 school projects, private study (reference and research), or are presenting it as a gift, we will not apply licensing fees.

Please note that we will apply a processing fee per image/item in addition to the fees outlined in this schedule. A processing fee covers the costs to the museum and archives to provide you a copy of the material that you are requesting permission to use, clearing the material and/or to process the paperwork for your request.

If you have questions about the categories, prices or definitions identified in this fee schedule, please contact the Permissions/Licensing Officer at access@royalbcmuseum.bc.ca.
