

**STATEMENT OF EXECUTIVE COMPENSATION
ROYAL BC MUSEUM
May 2016**

Royal BC Museum (RBCM) - Compensation Philosophy

The RBCM's Management Compensation Program is based on a process which recognizes these fundamental determinants of salary:

- a. the duties to be performed;
- b. the employee's performance/potential; and
- c. salaries paid for comparable positions in the external job market.

Subject to the legislative and fiscal constraints placed upon it, it is the objective of the Board of Directors of the Royal BC Museum to pay its Chief Executive Officer a salary that is sufficiently competitive in the job market, recognizing the Chief Executive Officer's responsibility for physical assets of over \$80 million and \$200 million of insured artifacts representing the history of the Province of British Columbia.

Responsibility for Determining Compensation

The responsibility for determining base salary compensation for the Chief Executive Officer rests with the Board of Directors pursuant to the *Museum Act*. The base salary is set within the maximum total compensation guidelines as established by Cabinet and Treasury Board and was approved by the then Minister (2007).

Compensation Principles

The Royal BC Museum Compensation Program introduces contemporary compensation practices to support the following principles:

- Financial expenditures for management salaries will be controlled and managed through an approved financial control model, as approved by the RBCM Board of Directors
- The overall salaries are controlled through the annual budget process;
- Funding for management salaries will be found from within the overall annual salary budget;

Taxpayer Accountability Principles

The Royal BC Museum Compensation Program recognizes the following Taxpayer Accountability Principles:

Efficiency:	Strengthen cost management capabilities and foster a culture of cost-consciousness at all levels of public sector organizations.
Accountability:	Transparently manage responsibilities according to a set of common public sector principles in the best interest of the citizens of the province.
Appropriate:	Comply with a rigorous, standardized approach to performance management and employee compensation which reflects appropriate compensation for work.
